## DECLARATION

As a below named inventor, I hereby declare that:

My residence, post office address and citizenship are as stated below next to my name.

I believe I am an original, first and joint inventor of the subject matter which is claimed and for which a patent is sought on the invention entitled Neutron/Gamma Ray Survey Instrument with Directional Gamma Ray Sensitivity, the specification of which is attached hereto.

I do not know and do not believe that such subject matter was ever known or used in the United States before my invention or discovery thereof, or patented or described in any printed publication in any country before my invention or discovery thereof, or more than one year prior to this application, or in public use or on sale in the United States more than one year prior to this application, or patented or made the subject of an inventor's certificate in any country foreign to the United States on an application filed by us or our legal representatives or assigns more than twelve months prior to this application.

I hereby state that I have reviewed and understand the contents of the above identified specification, and claims.

I acknowledge the duty to disclose information which is material to the examination of this application in accordance with Title 37, Code of Federal Regulations § 1.56(a).

I hereby appoint Tim Cook; Registration No. 32,561; as my attorney with full power of substitution and revocation, to prosecute this application and to transact all business in the Patent and Trademark Office connected therewith.

I hereby direct that all correspondence and telephone calls be addressed to Tim Cook, Law Office of Tim Cook P.C., P.O. Box 10107, Liberty, Texas 77575.

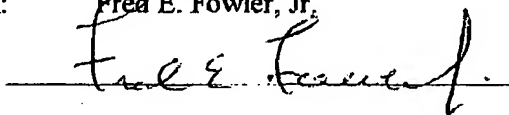

I hereby declare that all statements made herein of my own knowledge are true, and that all statements made on information and belief are believed to be true; and further, that these

statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize that validity of the application or any patent issued thereon.
